

E-PROJECT - BEAUTY OF BEACHES

THE KITSILANO BEACH

Kitsilano Beach is one of the most popular beaches in [Vancouver](#), especially in the warm summer months. Located at the north edge of the [Kitsilano](#) neighbourhood, the beach faces out onto [English Bay](#).

The beach is home to the longest swimming pool in Canada, the salt-water outdoor Kitsilano Pool, operated by the [Vancouver Park Board](#) and open annually from May to September.

Toward the northern edge of the beach is a [playground](#) and a number of beach volleyball courts. In the [Squamish language](#), it is called *Xwupxpay'em*, which translates to "having red cedar".
