

## E-PROJECT - BEAUTY OF BEACHES

### THE CHESTERMAN - TOFINO

Tofino's 2.7-kilometre-long Chesterman Beach got its name from John Chesterman, who was a white settler who acquired grants from the Crown for the area in 1915.

North and South Chesterman are connected by over 2.7 kilometers (1.7 mile) of white sand. At low tide, the tombolo (sandspit) connecting Chesterman Beach to Frank Island is exposed and makes for an enjoyable walk.
